This is your 1950

Forester

PUBLISHED ANNUALLY
BY THE ANNUAL STAFF OF FOREST HIGH SCHOOL
FOREST, LOUISIANA

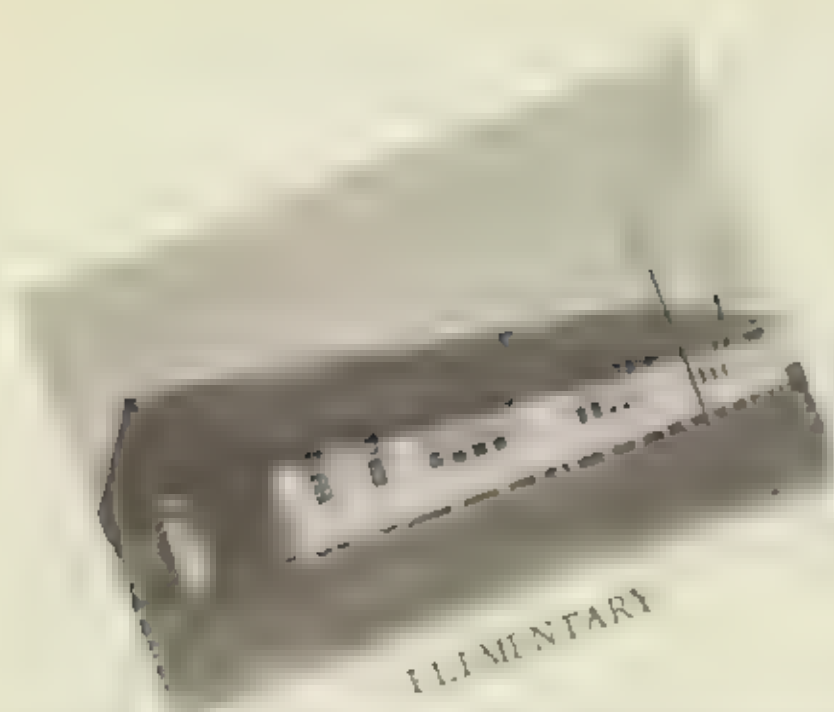

and is Dedicated to

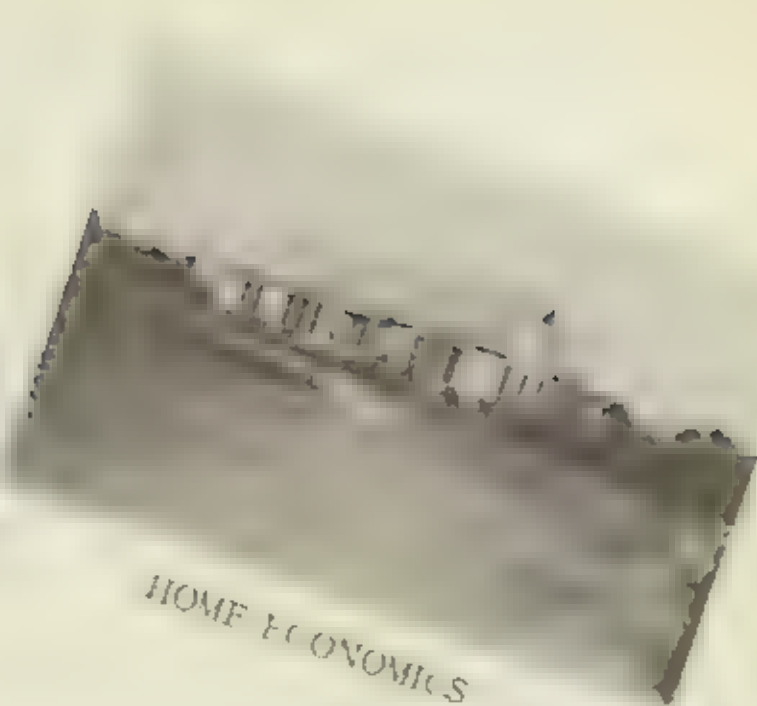

"With unrelenting crescendo, the symphony of a life replete with melodic progressions, hastens to its finale. And a friendship that is ours to share, with its "largos" and its "allegros" moves everlasting; onward, in sweet memories."

Truly, the school system of West Carroll Parish is progressive largely because of the untiring leadership and interest of Mr. O. E. Huey who served efficiently as Superintendent of Parish Schools for twenty-five years. The teachers, pupils, and the Annual Staff of the Forest High School feel deeply indebted to him for his cooperation, his understanding, and his inspirational manner in dealing with problems that arose from time to time. As a manifestation of this appreciation, we dedicate this edition of *The Forester* to him, feeling that a friendship has been established that will "move everlasting; onward, in sweet memories."

To the Students of Forest High School:

You, young ladies and young men, are the future citizens of tomorrow, the women and men who will lead the community in all its endeavors, protect the rights of the people, make the laws, improve the roads, build churches, build schools, establish homes and educate the children. Surely you have heard this before, but do not take it too lightly because it is a significant fact.

The preparation you are making today, the habits you are forming, the attitudes you are embedding and the growth you are making in your ability to adjust yourselves, even though your wishes are not met, will determine to a very large degree your success in handling the affairs of tomorrow.

We are proud of Forest High School and appreciate the fact that it is growing as an institution of learning, but it cannot continue unless the students who attend the school grow. The school will be no better than the boys and girls who attend the school. We all recognize the fact that the school is a product of community cooperation with students, parents and teachers all working together for a better school.

You, students, are the salesmen for the school. You represent the best that Forest High School can do and the adult citizenry judge the worth of the school by your worth to society. Let's keep awake, let's be up and about our job for "the night cometh when no man can work".

In Memoriam

People do not accidentally make contributions to society. This results only from concentrated effort, and the use of the talents with which an all-wise God has endowed the individual. (The desirable attributes of one who contributes to the success and happiness of his associates must be cultivated before they become a part of that individual.) He must learn to live, to love, and to share. Mrs. Mira Harlan was well-versed in all these.

She will always be remembered for her contributions to the boys and girls of yesterday, the men and women of today. Her efforts to improve the scholastic standing of the school, the educational status of the community and the moral standards of all can never be measured.

As a classroom teacher she placed the welfare of the child first, ever being loyal to all, co-workers, children and parents. No problem was ever too big, nor a responsibility too great for her courage could not be surpassed. Because of this characteristic she was never free from the cares of school and community. Leading in extra curricular activities, directing plays, keeping the library room books and accounting for state and federal monies and collecting money for assemblies were some of the extra responsibilities you could find Mrs. Harlan adding to her classroom duties.

Her very busy life at school did not keep her from attending the church services and performing her duties as a good christian.

Surely she was one of those who laid down the cares of this life with a "well done thou good and faithful servant" and left behind an influence that can never be forgotten.
